ABOUT SMPS

SMPS, the Society for Marketing Professional Services, is the only non-profit marketing organization dedicated to creating business opportunities and enhancing the careers of marketing professionals in the architecture, engineering, and construction (A/E/C) industries. The organization began in 1973 and has grown to include more than 7,000 members who are active in 59 chapters across the United States and Canada. SMPS members are marketing and business development professionals employed by architecture, engineering, construction, planning, landscape, interior design, legal, accounting, and specialty consulting firms.

As one of the earlier chartered SMPS chapters, SMPS Seattle is also the largest, expanding at a rapid pace. Our network comprises more than 320 members from approximately 200 of western Washington's architecture, engineering and construction firms. In August 2015 and 2018, our chapter received "Striving for Excellence" awards from SMPS Headquarters in recognition of the diversity and vast amount of educational, networking, and scholarship programs we offer members.

ABOUT THE REIGN AWARDS
